EMERGENCY RESPONSE AND EVACUATION PROCEDURES

LASC will immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students and employees occurring on the campus

To report an emergency, please contact the Sheriff's Department at (213) 241-5311 or use one of the blue emergency phones throughout the Campus.

Notification Procedures

In the event of a campus emergency, where it is necessary to notify students and staff of impending danger or critical information, LASC has developed protocol to engage as many students and staff as possible, in the shortest amount of time. It is important that all current technology and communication modes be used to widely distribute the information as quickly as possible. Coordination with the President's Office the campus Sheriff's Office, District Personnel, and Public Relations need to be immediate and on-going.

The primary notification procedures are summarized below.

1. Email Blast – All student, faculty, and staff with LASC email address are notified with a “send all LASC” email blast.

Blackboard Connect is activities whereby all faculty, staff, and student, that are enrolled in the emergency notification system are notified by personal email, text message, and voice mail. Enrollment in Blackboard Connect for faculty/staff is through the LACCD Employee Portal or by providing contact information the IT department with alternate email information and/or mobile telephone information; enrollment for students is through Student Information System or by providing campus IT Department with alternate email and/or mobile telephone contacts.

2. Notifications are also placed on the LASC Website.
3. The LASC Jumbo-tron, corner sign, will flash alerts as necessary for student, faculty, and community.
4. Flyers/Signage will be distributed and posted on campus as necessary to update faculty and staff.

LASC will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or to contain, respond, or otherwise mitigate the emergency.

The entire campus community will be notified when there is a potential that a very large segment of LASC is threatened. The President, Executive President, Vice President or Sheriff's office will reassess the situation to determine whether additional notifications or updates need to be made.

Testing of Procedures

LASC conducts both announced and unannounced of its emergency response and evacuation procedures. The Administrative Services Department and the campus Sheriff's Office will monitor all announced tests of its emergency response and evacuation procedures.

LASC publicizes its emergency response and evacuation procedures by a) posting the evacuation routes in exit ways, conference rooms and classrooms; b) evacuation procedures are posted on the LASC website; and c) by providing emergency notification and procedures through the email blast or Blackboard Connect.

LASC will document each test by recording a description of the test, the date the test held, the time the test started and ended, and whether the test was announced or unannounced. Copies of test documentation will be maintained in the Maintenance and Operations Office.
