Message from the President

As Los Angeles Southwest College stands on the cusp of its 50th anniversary, I welcome you to our campus where you will learn lessons that will stay with you for a lifetime no matter where your travels take you. This has been the case for the tens of thousands of LASC graduates who have walked on this campus since we opened in 1967 and will be the case for the next 50 years and beyond.

Today, we stand at an incredible point in this college's history. As you may know by walking around this campus and seeing all of the construction that has been completed, never before has our college been better positioned to make an impact in the lives of our students, especially those from South Los Angeles, Gardena, Hawthorne and Inglewood. Our new facilities truly put students first.

However, if I point to the physical buildings alone, I would be offering an incomplete assessment of how LASC is helping students enrolling at LASC for an education, direction and most importantly, respect. No matter what building you visit on this campus there are a passionate group of faculty and staff members who aim to make the student experience as smooth and rewarding as possible.

While there is so much we can point to with pride and a sense of satisfaction our focus is to provide an educational experience that constantly puts students first. Please know that I recognize there is so much work still to be completed. Nevertheless, I have no doubt that the energy shown by our faculty and staff will ensure that our goals are fulfilled very soon. For close to 50 years, Los Angeles Southwest College has provided many people, young and old, with an opportunity to move on from the past, establish a foundation for the present, and foster hope for the future. With our state-of-the-art facilities, we recognize that our responsibility to this community and the thousands of students who walk through our gates on a daily basis has never been greater. We accept this responsibility as we are committed to providing access to an excellent community college education and polishing Los Angeles Southwest College as this community's brightest diamond.

Debido a que Los Angeles Southwest College se encuentra en la cúspide de su 50 aniversario, les quiero brindar una bienvenida a nuestro campus, un lugar donde aprenderá lecciones que le seguirán a lo largo de su vida sin importar donde lo guie su destino. Este ha sido el caso para las decenas de miles de estudiantes graduados en LASC, los cuales han caminado por nuestro campus desde que este abrió sus puertas en 1967 y que seguirá siendo el caso para los próximos 50 años en adelante.

En la actualidad, nos encontramos en un punto increíble en la historia de este instituto educativo, lo cual usted podrá notar al caminar a través del campus y apreciar toda la construcción que se ha realizado durante los últimos años. Nunca antes nuestro colegio había estado mejor posicionado para hacer un impacto en las vidas de nuestros estudiantes, especialmente los del sur de Los Ángeles, Gardena, Hawthorne e Inglewood. Nuestras nuevas instalaciones verdaderamente ponen como prioridad a los estudiantes.

Sin embargo, si se señala únicamente la infraestructura del colegio, se estaría ofreciendo una evaluación incompleta de cómo LASC está ayudando a los estudiantes en su proceso de matriculación, educación, dirección y lo más importante, a obtener prestigio. Sin importar el lugar que usted visite en nuestro campus, tenemos a su disposición un grupo de profesores y personal apasionados en ayudarlo a que su experiencia como estudiante sea lo más agradable y gratificante posible.

Si bien hay tanto que podemos señalar con orgullo y una sensación de satisfacción, nuestro objetivo es brindar una experiencia educativa que ponga constantemente a los estudiantes en primer lugar. Sin embargo, hay que reconocer que aún se puede mejorar y que hay mucho trabajo que realizar. Y que no hay ninguna duda de que la energía mostrada por nuestros profesores y personal asegurará de que todos nuestros objetivos se cumplan lo antes posible.

Por casi 50 años, Los Angeles Southwest College ha dado a muchas personas, jóvenes y adultos, la oportunidad de seguir adelante estableciendo una base para el presente, y fomentando la esperanza para el futuro. Con nuestras instalaciones de última generación, reconocemos que nuestra responsabilidad en esta comunidad y los miles de estudiantes que caminan a través de nuestras puertas a diario, nunca ha sido mayor. Aceptamos esta responsabilidad ya que estamos comprometidos a brindar acceso a una educación universitaria de excelencia para nuestra comunidad y hacer de Los Angeles Southwest College, el diamante más reluciente de nuestra comunidad.

Dr. Linda Rose, Ed.D.

How to Add a Closed Online Class

Go to the LASC website: www.lasc.edu to register for the online class. If the class and the waitlist are full, refer to column #1 below. If you are not on the waitlist and the class is closed, refer to column #2 below:

1. Students On Wait list

The instructor will contact students from the wait list (at the beginning of the term only) **if they decide to add additional students**. There is no need for students on the wait list to contact the instructor.

Instructors will only contact those students who they are approved to add. If you are not contacted by the instructor during the first week of class, that means that the class is full and no additional students will be added. There is no need to contact the instructor. **Look for alternative options for classes.**

Due to the volume of requests received, only those students whose adds are **approved** will be contacted. If you are not contacted, you will not be added. There is no need to contact the instructor if your name is on the waitlist.

Faculty will only contact you via your district assigned email address.

2. Students Not on Wait list

Do not contact the instructor to add a class **prior to the first day of the semester**.

On the first day of class, you must email the instructor and request to add the class (see required information below). Be aware that if instructors approve adds, they will draw from the wait list first. It is highly unlikely that you will be added if you aren't already on the wait list. **Look for alternative options for classes.**

Please include the section number and term in the subject line of your email. You must also include your name, Student ID number and the following in the body of your email (I__Name__request to be added to your class.)

Due to the volume of requests received, only those students whose adds are approved will be contacted. If you are not contacted, you will not be added. There is no need to continue to contact the instructor once you submit a request to add a closed class.

Faculty will only contact you via your district assigned email address.

STUDENTS

WHAT TO CONSIDER AND EXPECT WHEN TAKING AN ONLINE CLASS

All ONLINE classes and online portions of HYBRID classes are conducted through Canvas, a learning management system. Students must have access to a computer and appropriate software in order to register for an online class. In an online class, you are not required to meet in person, however, ALL instruction, interaction with peers and instructors are conducted using Etudes. (Note: A hybrid class has one or more class sessions online and can have up to 50% of the content and activities held online.) Before signing up for an online class, carefully consider the following:

1. Due Dates

- All assignments, quizzes, tests, research papers, reading materials, and any other required material will have weekly deadlines that need to be met.

2. Time Management

- Time management must be taken into consideration before taking an online class. Due dates are different for each class, but students should be aware that time spent online using a computer to complete assignments could take three (3) or more hours per week to successfully participate in an online course.

3. Weekly Discussions

- You may be required to review and to respond to questions presented by your instructor.
- You may be asked to respond to peers in the same forum.

4. Online Weekly Assignments

- Assignments online are similar to those done in a face-to-face class.
- Weekly homework is to be expected.

5. Online Weekly Quizzes

- Most online classes require students to take quizzes/tests throughout the semester. These tests are administered via Etudes and are taken online using a computer.
- Some quizzes/tests are timed.

6. Team Assignments

- Teams may be asked to work together on assignments within the class online site for the course. You, as well as the members of your team, will be responsible for working together and completing any assigned task.

Reading Material and Syllabus

- A book(s) is normally required.
- Additional reading material may be required, such as posted articles, lectures, overview material, and so forth.
- LASC Library Access for Online Students
- LASC Library Online Resources including e-books and scholarly journal articles are available to current LASC students 24 hours a day online.

Student Success and Support Programs

Student Rights and Responsibilities

Student Success and Support Programs is a process that assists a student in achieving his or her education goals. It is an agreement between the college and student who enrolls for credit and non-credit courses. We ask that you participate in a partnership with us to ensure your educational success.

Step 1 – Apply for Admissions

Submit a complete Application for Admission online at www.lasc.edu. Your application will be processed within 2-3 business days after it has been submitted. You will receive an email that explains your next steps. **NOTE:** You will receive a district issued email once you have been admitted. We will notify you that you have been admitted via your personal email address; however, once you have been admitted, we will only correspond via your district issued email address. Check your student email regularly.

Step 2 – Attend an Orientation

COMPLETE THE IN-PERSON ORIENTATION. During orientation you will receive information regarding campus resources and programs. Important policies and procedures of the college will also be covered. Please bring your student issued ID number. You must obtain proof that you have completed Orientation before you can take the Math and English assessment tests. A campus tour of important student resource centers is included. Please allow approximately two hours to complete the orientation. You are required to wait at least one day between Orientation and Assessment.

Step 3 – Go to the Assessment Center (SSB-204)

Trained staff will help you through the matriculation process. You may be asked to take the assessment test. No children are allowed in the testing area. You must obtain proof that you have taken the assessment test before you can meet with a counselor.

Step 4 – See a Counselor (SSB-227)

You must see a counselor for assistance with completing your student educational plan. Counselors will help you select appropriate classes that meet your educational goal(s) and inform you about the limitations and adverse effects of withdrawals and course repeats. No appointment is necessary.

Step 5 – Register for Classes

You must register online at www.lasc.edu. For your convenience, detailed registration instructions are posted on page 8 in the Schedule of Classes (For detailed instructions, see page 20).

Step 6 – Apply for a Fee Waiver to Pay Your Fees

Go to the Financial Aid Office, SSB-104, to apply for a fee waiver. If you qualify, the waiver can be used to pay for your fees for the entire academic year. If you do not qualify, you will need to go to the Business Office to pay your fees. Fees are due once the semester begins.

Step 7 – Take your Student I.D. Picture

Once you have registered for class(es) you are eligible to receive a free student I.D. card. You must bring your printout from the Business Office, which lists your classes along with your student I.D. number and a photo I.D. (Driver's license or California I.D.) to SSB-204.

Matriculation Exemptions:

Some students might be exempt from matriculation. However, for students who have long-range educational objectives, and who have little or no previous college experience, full matriculation is strongly recommended. You may be exempt from the matriculation process if any of the following conditions apply to you:

- You already have an Associate's Degree or higher.
- You have completed college-level English and math classes at another college.
- You have taken the assessment test at another college within one year.
- You want to take a class for personal enrichment.

If you wish to request exemption from matriculation, consult a counselor to see if you are eligible.

Programas de Apoyo y Éxito Estudiantil

Derechos y Responsabilidades Del Estudiante

El proceso de matriculación ayuda a los estudiantes a alcanzar sus metas educativas. Es un acuerdo entre el colegio y el estudiante quien se inscribe en clases con o sin crédito. Le pedimos que participe en una alianza con nosotros para asegurar su éxito educativo.

Paso 1 – Solicitar la admisión

Enviar una aplicación completa de admisión en línea en www.lasc.edu. Su aplicación será procesada dentro de 48-72 horas después de su petición. Usted recibirá un correo electrónico que explica los siguientes pasos a seguir.

Paso 2 – Asistir a una orientación

COMPLETAR LA ORIENTACION EN PERSONA. Durante la orientación, usted recibirá información sobre los recursos y los programas del colegio. Políticas y procedimientos importantes del colegio también estarán cubiertos. Por favor de traer su numero de identificación estudiantil. Usted debe obtener un comprobante de que ha completado la orientación antes de tomar la evaluación de ingles y matemáticas. Se incluye un recorrido del campus de importantes centros de recursos estudiantiles. La orientación toma aproximadamente dos horas. Necesita un día de espera entre la orientación y evaluación.

Paso 3 – Ir al Centro de Evaluación

El Centro de Evaluación se encuentra en SSB-204. Personal capacitado le ayudará en el proceso de registro. Se le puede pedir que tome la prueba de colocación. No se admiten niños en el área de pruebas. Usted debe obtener una prueba de que usted haya tomado la prueba de evaluación antes de que pueda reunirse con un consejero.

Paso 4 – Ver a un consejero (SSB-227)

Usted debe ver a un consejero para asistencia en completar su plan educacional de estudiante. Los consejeros le ayudarán a seleccionar las clases adecuadas para cumplir su objetivo (s) educativo (s) y le informarán sobre las limitaciones y los efectos adversos de los retiros y repeticiones de cursos.

Paso 5 – Inscribirse en las clases

Usted debe registrarse en línea en www.lasc.edu. Para su comodidad, instrucciones detalladas de inscripción están publicados en la página 7 en el horario de clases.

Paso 6 – Solicitar una exención pago (Fee Waiver) de inscripciones

Vaya a la oficina de ayuda financiera, SSB-104, para solicitar una exención de cuotas. Si usted califica, la exención puede ser utilizada para pagar sus cuotas de todo el año académico. Si usted no califica, usted tendrá que ir a la oficina de negocios para pagar sus cuotas de registración. Las tarifas se deben pagar una vez que comience el semestre.

Paso 7 – Obtener su identificación de estudiante

Una vez que se haya registrado a clase(s) usted es elegible para recibir una identificación de estudiante gratis de LASC. Usted tiene que traer su recibo que enlista el horario de sus clases y su numero de estudiante la oficina de Negocios y una identificación con foto (Licencia de conducir o ID de California) a la oficina SSB-204

Las exenciones de matrícula:

Algunos estudiantes podrían estar exentos del proceso de matriculación. Sin embargo, para los estudiantes que tienen objetivos de educación a largo plazo, y que tienen poco o nada de experiencia previa en la universidad, la prueba de evaluación es muy recomendable. Usted puede estar exento del proceso de evaluación si alguna de las siguientes condiciones se aplica a usted:

- Usted ya tiene una carrera de dos años o más
- Usted ha completado clases de inglés y matemáticas a nivel universitario en otro colegio.
- Usted ha tomado el examen de evaluación en otro colegio entre un año.
- Usted desea tomar una clase para el enriquecimiento personal.

Si desea solicitar la exención del proceso de matriculación, consulte a un consejero para ver si usted es elegible.

NON-RESIDENT TUITION EXEMPTION (AB540/AB2000)

AB 540 was signed into California law on October 12, 2001 to authorize students who meet certain criteria to pay “in state” or “resident’s” tuition rates (only \$46 per unit at Los Angeles Southwest College). This includes undocumented students and nonresident U.S. citizens. To be eligible, students must:

- Have attended a California high school for three or more years (9th grade counts)
- Have graduated from a California high school or obtained the equivalent of a high school diploma (how long ago does not matter)
- Be willing to apply for legal residency as soon as possible

To take advantage of this lower tuition rate, simply fill out the AB540 Exemption Form available in the Admissions and Records Office and Bridges to Success. There is no maximum number of years for which you can receive this lowered tuition rate. For more information, call (323) 241-5321 or (en Español) (323) 241-5281. **NOTE:** Effective Summer 2013, AB540 students are eligible to apply for and receive non-state funded scholarships and state funded financial aid and grants (See Financial Aid for more information).

Assembly Bill 2000 (AB 2000) was passed in 2014 and expands the definition of students eligible for AB540. AB 540/AB 2000 allows students meeting the criteria below to pay in-state tuition, the same as resident students (e.g. undocumented, permanent resident, U.S. citizens) at California public colleges and universities. Starting January 1, 2013, the California Dream Act (Assembly Bills 130 and 131) provided the opportunity for AB540 students to receive Cal Grant A & B Entitlement awards, Cal Grant C awards, institutional grants and community college fee waivers. To be eligible for AB540, you must meet all the following criteria:

1. The student must have:
 - attended a high school (public or private) in California for three or more years, **or**
 - attained credits earned in California from a California high school equivalent to three or more years of full-time high school course work **and** attended a combination of elementary, middle and/or high schools in California for a total of three or more years.¹ **and**
2. The student must have graduated from a California high school or attained the equivalent prior to the start of the term (for example, passing the GED or California High School Proficiency exam) and
3. The student must file an affidavit with the college or university stating that he or she has filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so.

Students who are nonimmigrants who are victims of trafficking, domestic violence, and other serious crimes who have been granted T or U visa status, under Title 8 of the United States Code, sections 1101(a)(15)(T) or (U) are eligible for this exemption.²

Students who are nonimmigrants, other than those with T or U visa status as noted above, [for example, those who hold F (student) visas, B (visitor) visas, etc.] are not eligible for this exemption.

The student must file an exemption request including a signed affidavit with the college that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.

NON-RESIDENT STUDENTS

Starting in summer 2009, undocumented students who do NOT qualify for the AB 540 tuition exemption shall be entitled to exemption from nonresident fees on the basis of individual financial need in accordance with regulations adopted by the Chancellor (LACCD Board Rule 8100.15). If the students meet the eligibility requirements on the Nonresident Tuition Fee Waiver (available in Admissions and Records, Financial Aid and Bridges to Success), they may be eligible to receive a nonresident tuition exemption and ONLY pay the current enrollment fee of \$46 per unit. Undocumented students do not qualify for state or federal financial aid

NON-RESIDENT TUITION EXEMPTION FOR ELIGIBLE CHILDREN OF DEPORTED OR VOLUNTARILY DEPARTED PARENTS (SB141)

SB 141, which became effective on January 1, 2014, and added Education Code section 76140(a)(5), requires districts to exempt from nonresident tuition a student who is a United States citizen and who resides in a foreign country, if he/she meets specified criteria. SB 141 does not grant residency, but exempts a qualified student from paying nonresident tuition. To be eligible, students must:

- Demonstrate a financial need for the exemption.
- Have a parent or guardian who has been deported or was permitted to depart voluntarily under the federal Immigration and Nationality Act in accordance with Section 1229c of Title 8 of the United States Code. The student shall provide documents from the United States Citizenship and Immigration Services evidencing

The deportation or voluntary departure of his or her parent or guardian.

- Have moved abroad as a result of the deportation or voluntary departure specified in subparagraph (B).
- Have lived in California immediately before moving abroad. The student shall provide information and evidence that demonstrates the student previously lived in California.
- Have attended a public or private secondary school (i.e., a high school, trade school, or adult school) in the state for three or more years. The student shall provide documents that demonstrate his or her secondary school attendance.
- Upon Enrollment, be in his or her first academic year as a matriculated student in California public higher education (i.e., a campus of the California community colleges, California State University, or University of California) and will file an affidavit with the institution stating that he or she intends to establish residency in California as soon as possible.

Eligibility for Federal and State Aid

1. SB 141 students, as U.S. citizens, may apply and qualify for federal financial assistance (e.g. Pell Grants, Federal Supplemental Educational Opportunity Grant (FSEOG), and federal student loans.
2. Until they establish California residency, SB 141 students do not become residents for eligibility purposes for any state-funded program (e.g. BOG Fee Waiver, etc.).

Apportionment

The colleges may claim state apportionment for FTES generated by students exempted pursuant to SB 141, and their attendance should be reported as resident FTES for apportionment purposes.

ESTUDIANTES NO RESIDENTES

Empezando con el verano del 2009, estudiantes indocumentados quienes no califican bajo la ley AB540, serán exentos de los pagos como no residente en base a la necesidad financiera individual de acuerdo con la regulación 8100.15 (LACCD Board Rule 8100.15) adoptada por el canciller (Chancellor) de LACCD. Si los estudiantes reúnen los requisitos estipulados en la Solicitud para la Exención de Cuotas de Matrícula como no Residente (disponible en las oficinas de: Admisiones y Expedientes, Ayuda Financiera, y Puentes al Éxito,) pueden ser elegibles para recibir la exención a cuotas para no residentes y pagar solamente la cuota actual de inscripción de \$46 por unidad. Estudiantes indocumentados no califican para ayuda financiera estatal o federal.

IMPORTANT REGULATIONS

Please note: The Census date is a date in which all enrollment at LASC is counted and reported to our District Office in order to determine our campus funding (apportionment).

1. All courses must be added by the census date.
2. All courses must be dropped **before** the census date to avoid receiving a "W" grade (receipt of "W" grades in the some course will have further consequences) The period of time to drop a course without record of enrollment has been reduced. The deadline to drop without receiving a "W" grade now occur before the census date. Drops that occur on or after the census date will result in a "W" grade.
 - This should encourage you to make a decision to drop a class earlier
 - This will provide faculty with the ability to make add decisions sooner (which may allow more students to be added).
 - Adding courses by census increases the number of students counted in apportionment.
3. Students receiving a satisfactory grade may repeat the same course due to extenuating circumstances.
 - a. Due to legally mandated training – if necessary to meet legally mandated training requirements as a condition of paid or volunteer employment.
 - b. Course is a special course for students with disabilities, which the student needs to repeat for one of the reasons described in section 56029 of the California Code.
 - c. Recency - student is required to have taken the course within the past five years for admission to a college program.
 - d. Extenuating circumstances – documentation is provided to show that previous grade was, at least in part, the result of extenuating circumstances.
5. The Board of Governors adopted regulations that limit apportionment for enrollment in a single course to three enrollments for any credit courses, taken within the Los Angeles Community College District except for courses identified as "repeatable," such as Kinesiology and performing arts, in accordance with Title 5, section 55041, subdivision (c).
6. The Board of Governors approved changes that will establish system-wide enrollment priorities designed to ensure classes are available for students seeking job training, degree attainment or transfer and to reward students who make progress toward their educational goals. Beginning in fall 2014, new students who have completed college orientation, assessment and developed education plans as well as continuing students in good academic standing who have not exceeded 100 units will have priority over students who do not meet these criteria.

**Enrollment occurs when you receive an evaluative (letter grade) or nonevaluative ("W") symbol, pursuant to Section 55023. You will not be able to add courses in which you have three prior attempts with record of enrollments ("W", NP, NC, D, or F grades).

All credit course repeats and withdrawals in your enrollment history in the LACCD will be counted toward the new limit, regardless of when you took the course. If you need to repeat a course in which you have three or more records of enrollment:

- You may take the course outside of the Los Angeles Community College District.
- You may petition to retake the course within the district (subject to certain conditions) with extenuating circumstances – this fourth repeat will not count in apportionment.

WHAT SHOULD YOU DO?

- Be sure that you are academically prepared for classes that you enroll in (See a Counselor).
- If you must drop a course, drop it before the specified deadline for dropping a class without a grade of "W".
- See a counselor before making decisions that could affect your education plan.
- See financial aid before making decisions that may affect your financial aid.
- Register for classes **on your assigned registration appointment time**.
- Read your email from the campus – **it is sent to your District Assigned Email Address ONLY!**
- New students should be sure to complete the matriculation process in order to obtain higher registration priority.

PROCEDURE TO ADD AND DROP CLASSES

ADDING CLASSES

After you submit your online application, you will receive an email with directions on our 8-step matriculation process.

You may enroll in open classes using the online registration system prior to the start of the term only.

To add classes once the semester begins, you must obtain an Add Permit from the instructor of the class. Bring this Add Permit to the Admissions Office. To add online classes, you must email the instructor for permission to add.

Campus Procedure

No semester courses may be added after the last day to add (published in the Schedule of Classes). Short-term and Open-Entry/Open-Exit classes have different add periods. Check with the Office of Admissions and Records for deadlines. Attending classes without being properly enrolled is not permitted.

Withdrawal

New statewide regulations are now in effect that change the way students should think about enrolling in, and then withdrawing from classes.

Community colleges get their money from state apportionment. Apportionment is a set amount of dollars distributed to the college districts, based on enrollment. Each class you enroll in results in compensation to the college, and that is how the college stays open.

A "W" counts as an attempt, and you only get three attempts at any one course. Once you pass the course, you cannot repeat the course. After that, the state won't pay the college for you to take the course again.

What this means for LASC students:

- If you stay in a course past the "no penalty" drop date and then drop or are excluded, you receive a "W" and you have used one of your three attempts.
- When you have made three attempts at a class, with any combination of "W", "D", or "F" grades, you will not be able to register for the class again. You would have to try to take the class again at a college outside the Los Angeles Community College District.
- You may fill out a Course Repetition Petition for one more try citing "extenuating circumstances;" however, for the most part the only extenuating circumstances that will work are military deployment, natural disaster, or requirement for employment. The Course Repetition Petition must be approved before the start of the term in which you are attempting to enroll in the course. The deadline to submit your Course Repetition Petition is in the semester Academic Calendar. You may only petition for a Course Repetition for the Fall and Spring semesters.
- If your registration is blocked because of this rule, getting an Add Permit will not help.

What you should do:

- If you're going to drop, drop before the deadline so you won't get a "W".
- Be sure you're academically ready for classes you enroll in.
- See a counselor to help you make good decisions about your education plan.

It is the student's responsibility to withdraw officially. Consult the Academic Calendar for deadlines.

Dropping Classes

THROUGH THE 2nd WEEK:

No notation ("W" or other) will appear on the student's record if the class is dropped during the first two weeks of the semester. This deadline always occurs prior to the add deadline.

THROUGH THE 11TH WEEK:

A notation of "W" (withdrawal) is recorded on the student's record for classes dropped during the 3rd through the 11th week of the semester.

AFTER THE 11TH WEEK:

Students who remain in class beyond the 11th week (or 75% of the class for short term classes) are given a grade by the instructor. **THAT GRADE CANNOT BE A "W" (withdrawal).** Consult the deadline calendar in the Schedule of Classes or contact the Office of Admissions & Records.

MATH SEQUENCE

OVERVIEW OF MATH COURSES OFFERED

Basic Skills 35CE (0 Units) – Basic Math Skills(Formerly Math 105)
 This noncredit course is designed to strengthen basic Math skills. Topics include rounding, estimating, computing whole numbers, fractions, decimals and presents.

Math 110 (5 Units) – Introduction to Algebraic Concepts

Math 110 is an accelerated pathway option preparing students for Math 115 (Elementary Algebra). The material covered is equivalent to that covered separately in Math 105 (Arithmetic) and Math 112 (Pre-Algebra). Course credit may not be applied toward satisfaction of Associated degree requirements. There is no prerequisite for Math 110.

Basic Skills 28CE (0 Units) – Basic Skills Pre-Algebra (Formerly Math 112)

This noncredit course bridges the gap between arithmetic and algebra. It reviews arithmetic and introduces concepts of algebra including signed numbers, variables, exponents, mathematical sentences and linear equations. Concepts, computational skills and problem-solving skills are introduced and practiced to build mastery and proficiency.

Math 115 (5 Units) – Elementary Algebra

This is the equivalent of 1st year high school algebra, done in one semester required for an A.A. degree (may be taken by exam).

Math 125 (5 Units) – Intermediate Algebra

The equivalent of 2nd year high school algebra, done in one semester. To earn a bachelor's degree at a CSU, students must either pass a CSU math test beyond the Math 125 level or take a math course beyond Math 125.

Math 122 (5 Units) – Intermediate Algebra for Statistics (General Education)

Math 122 is designed as the prerequisite course for students (Liberal and Social Science majors) who are required to complete Math 227 (Statistics) for transfer.
