2015-2016 INCOME REDUCTION FORM
(Do not complete prior to July 9, 2015)

IMPORTANT: Please read the following information carefully before completing this form:

Federal regulations require that financial aid applicants report their prior year income on the Free Application for Federal Student Aid (FAFSA). However, if the applicant believes that the current year income would be a more accurate measure of the student’s current financial status, the Financial Aid Office may be able to exercise professional judgment and use the current year income to determine the applicant’s financial aid eligibility.

To be considered for income reduction, the applicant must demonstrate a special circumstance. Examples of special circumstance include loss or reduction of work, separation or divorce, death of parent or spouse, disability, one-time income (e.g. inheritance, moving expense allowance, Individual Retirement Account (IRA) distribution, lottery winnings, etc.)

Filing an Income Reduction Request Form does not automatically increase the applicant’s financial aid award. The Financial Aid Office will review the information submitted and make a determination of whether an income reduction will make a difference in the student’s award.

The purpose of completing the attached form is to document the reduction in the student’s and/or parent’s income. If you feel that you do have a special circumstance that justifies an income reduction, please do the following:

1. Complete the Statement of Information
2. Attach the required documentation
3. Submit all completed forms to a Financial Aid Technician
