NEW STUDENT ORIENTATION INSTRUCTIONS

Online Only

During Summer 2018, all new student orientations will be conducted **online only**. In this orientation, students will receive information about our student support services, campus, and programs.

How to complete the new student orientation:

STEP ONE:

Go to LASC.EDU and click on the blue box titled “Online Orientation.”

STEP TWO:

Enter your first name, last name, LACCD student ID number (*mandatory for credit, not the CCCID. They are not the same*), and email address. Select CONTINUE to proceed.

***NOTE:** Your progress will not be saved if you select “Continue as guest.”*

Which means, you will not receive credit for the orientation if you proceed as a guest. An LACCD student ID is needed. **NOTE:** LACCD student ID numbers begin with either 88 or 90

STEP THREE:

Watch informative videos and answer questions until you reach a page confirming completion. You will not need to print or save this page as proof; the assessment staff will be able to confirm completion if all information was properly entered.

At least **one business day** after completing the new student orientation, you may be eligible to take the assessment exam.
