**Background**

CSU GE requirements have been designed to complement the major program and electives completed by each baccalaureate candidate, to assure that graduates have made noteworthy progress toward becoming truly educated persons. These requirements are designed to provide the knowledge, skills, experiences, and perspectives that will enable CSU students to expand their capacities to take part in a wide range of human interests and activities; to confront personal, cultural, moral, and social problems that are an inevitable part of human life; and to cultivate both the requisite skills and enthusiasm for lifelong learning. Faculty are encouraged to assist students in making connections among disciplines to achieve coherence in the undergraduate educational experience. (CSU Executive Order 1100 3.1).

**Minimum Grades**

A grade of C- or better is required in each CSU or transfer course in written communication in the English language (A2), oral communication in the English language (A1), critical thinking (A3), and mathematics/quantitative reasoning (B4). (Title 5 Sections 40803, 40804, 40804.1). Each CSU campus shall establish the minimum grades for satisfactory completion of remaining general education breadth courses, subject to reciprocity requirements specified in Section 5.6 (CSU Executive Order 1100 2.2.2).

**Double Counting/General Education, Major, and Other Requirements**

Major courses and campus-wide required courses that are approved for GE credit shall also fulfill (double count for) the GE requirement (CSU Executive Order 1100 2.2.6).

**Fulfillment of Lower-Division Requirements**

Students admitted to a CSU campus with full certification shall not be held to additional lower-division general education requirements (CSU Executive Order 1100 5.3.2.1).

**Additional Lower-Division Graduation Requirements**

Full certification does not exempt students from unmet lower-division graduation requirements that may exist outside of the GE program of the campus awarding the degree (CSU Executive Order 1100 5.3.2.2).

**Qualification for Full Certification**

To qualify for full certification, a student must satisfactorily complete 39 lower-division semester units, or the quarter unit equivalent, of instruction appropriate to meet the objectives of Articles 3 (Premises) and 4 (Subject-Area Distribution). If a student completes a laboratory experience with academic credit, as described in Subarea B3, the student may be certified for 40 semester units or the quarter equivalent. CCC GE certification does not guarantee that all CSU campus admission requirements have been met (CSU Executive Order 1100 5.3.2.3).

**Approved Associate Degree for Transfer**

Students are considered lower-division CSU GE certified if they successfully complete and are awarded a CCC Associate Degree for Transfer (ADT) that includes the CSU lower-division GE requirements (CSU Executive Order 1100 5.3.4).

**General Education Breadth for STEM Majors within ADTs**

Students pursuing certain ADTs may be eligible to take "GE Breadth for STEM," deferring one lower-division course in Subarea C and one lower-division course in Subarea D until after transfer. GE Breadth for STEM is applicable only to majors for which the Transfer Model Curriculum specifies GE Breadth for STEM (CSU Executive Order 1100 5.3.5).
